SUMMARY

Full Stack Developer Intern with experience in building scalable applications using **Java, Spring Boot, and Angular**. Strong in Data Structures (150+ problems) and API design, with hands-on experience in AI-driven applications using GPT APIs. Familiar with AWS cloud fundamentals and modern software development practices.

EDUCATION

Sri Krishna College of Technology B.Tech Information Technology	2022 – 2026 CGPA: 7.8/10
Kamarajar Matric Hr Sec School HSC: 90.8%	2020 – 2022
Kamarajar Matric Hr Sec School SSLC: 99.2%	2019 – 2020

TECHNICAL SKILLS

Languages: Java, JavaScript
Frontend: Angular, React, HTML, CSS
Backend: Spring Boot, REST APIs
Database: MySQL
AI/LLM: Prompt Engineering, GPT API Integration
Cloud: AWS (EC2, S3 – Basics)
Concepts: DSA, OOP, DBMS, API Design
Tools: Git, GitHub, Postman, IntelliJ IDEA, VS Code

EXPERIENCE

Programmer Analyst Intern – Cognizant, Coimbatore	Jan 2026 – Present
- Designing and integrating REST APIs for scalable frontend-backend communication. - Handling real-world datasets and implementing efficient backend solutions. - Improved API performance by optimizing request handling and database interactions. - Contributing to debugging, performance optimization, and feature development.	
Backend Developer Intern – Redmind Technologies	Jun 2024 – Jul 2024
- Built scalable Spring Boot services, reducing API latency by 20%. - Designed REST APIs with optimized database queries for better performance. - Collaborated with frontend teams to improve system integration.	

PROJECTS

AI Mock Interview Coach	2025
- Built AI-powered platform using GPT APIs and prompt engineering. - Applied prompt engineering techniques to generate structured and relevant feedback. - Implemented real-time evaluation and feedback scoring system. - Designed scalable API integration for smooth user experience.	

Tech: React, REST APIs, OpenAI GPT
Live Demo

Farm2Factory – Agricultural Waste Platform

2024

- Developed full-stack platform for waste-to-product conversion.
- Built modular backend services and responsive UI components.

Tech: React, Spring Boot, MySQL
GitHub Repository

ACHIEVEMENTS

- Finalist – Smart India Hackathon (National Level)
- 3rd Prize – Web Designing Contest, KSR College

CERTIFICATIONS

- Introduction to Generative AI – Google Cloud
- Introduction to Large Language Models – Google Cloud
- AWS Cloud Technical Essentials
- SQL and Databases – IBM / Coursera
